### PROTECTION

Once the BowBat is wrapped around your bow, you can easily transport your gear with either the grab handle- or the shoulder strap.

The foam padding will give you protection for your valuable sight pins, rest, and peep sight.

**SHOULDER STRAP**  
-fully adjustable.

**WEBBING HANDLE**

-can be used to position the pack while attaching the strap around the tree.

**MILITARY-GRADE**  
-webbing, hardware, construction.

**ZIPPERED POCKET**  
-sized for compact binoculars / rangefinder.

**JACKET STRAPS**  
-adjustable straps store a jacket or a quiver.

**OVER-SIZED ZIPPER PULLS**  
-easy to handle with gloves or cold hands.

**LARGE POCKET**  
-can be used for headnets, gloves, and rattlebags.

**MESH POCKET**  
-perfect for quick access to scent bottles, wind checker, etc.

### IMPROVED ACCESS

Gear-specific pockets for your headcovers, gloves, rangefinder, scent bottles...

**ZIPPERED POCKET**  
-quick access to a release

**'PASS-THRU'**  
-for a safety harness.

**PADDED BACKREST**  
-keeps you in the tree longer and eliminates any bark noise.

**RING TETHER**  
'tie-off' point keeps you from dropping your gear.

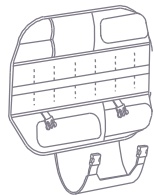

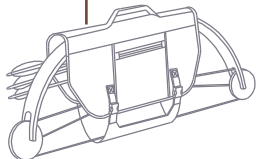

**TUBE POCKETS**  
-open-top pockets for quick access to mouthcalls.

**FITS ANY BOW**  
Our fabric wing is adjustable for any bow make or design. The fabric also adds protection to your peep sight, servings, and string loop.

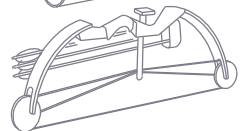

New for 2007  
**'CamCovers'**

## 2-in-1

From your bow...

...To your tree.
